

## 20. Valid Parentheses

Description (/problems/valid-parentheses/description/)

Hints (/problems/valid-parentheses/hints/)

Submissions (/problems/valid-parentheses/submissions/)

Discuss (https://discuss.leetcode.com/category/28)

Pick One (/problems/random-one-question/)

Notes

Given a string containing just the characters '(', ')', '{', '}', '[' and ']', determine if the input string is valid.

The brackets must close in the correct order, "()" and "()[]{}" are all valid but "(]" and "([)]" are not.
